Ms. Burton

This letter is to let you know the Thayns are aware of the road location and the drill sites (19,18,31,14b,and 20) on the property that Dug Out is permitting for. Many of the concerns are addressed in the surface use agreement. Thayns have no problems with the road location, and we have had input to the location of the drill sites as well as the road. We appreciate yours and DOGM's effort to safe guard our property, and regulate the drilling and mining efforts of Dug Out Mine.

Sincerely,

David Thayn
